REGISTRATION FOR GASOLINE NOW ON

Registration for Gasoline Rationing started Thursday, November 19, and will continue through today and Saturday, November 20th and 21st. In Hondo the registration is being held in the high school gymnasium, and over the County registrants are going to their local schools for registration.

Medina County motorists, registering for basic mileage rationing at school house registration sites on these days must take along their application forms, listing serial numbers of their tires, and their car registration cards. Chairman of the Medina County War Price and Rationing Board announced. The application forms are now available at service stations, garage and other conveniently located places throughout the County and should be picked up at once by any owner of a passenger car or motorcycle who does not already have one.

The rationing board chairman urged car owners with more than five tires for each vehicle to dispose of these excess tires at once, since the school house registrar cannot issue a mileage ration book to any applicant who lists more than five tires. Excess tires can be sold to the Government through the Railway Express Agency.

Operators of trucks, buses and taxis must have their certificates of war necessity before applying to the local war price and rationing board for their mileage ration, the Chairman of the local Board said.

Autoists who expect to apply for supplemental rations to enable them to drive to and from work should make plans now to share rides with others needing transportation to their jobs, the Chairman also announced.

HONDO OWLS MEET SABINAL TONIGHT; DISTRICT CHAMPIONSHIP GAME HERE NOV. 26

The Hondo Owls will complete their schedule in the North Zone here Friday night when they meet the Sabinal Yellow Jackets at 8 P. M. on Barry Field.

The Yellow Jackets haven't fared so well this season and will be trying hard to break into the win column. A hard fought game is in prospect for the fans.

With the defeat of Del Rio last Friday night, the Owls have clinched the North Zone championship for the fourth consecutive year, regardless of the outcome of Friday night's game with Sabinal. The Owls will play the Pearsall Mavericks, winner of the South Zone, for the District Championship of District 37-A, Thursday night, November 26, at 8:30 P. M. on Barry Field.

All seats will be reserved for the game with Pearsall and tickets are now on sale at the office of the Public Service Co. A very large crowd is expected and local fans are advised to get their tickets early. The reserved seat tickets will remain on sale through Wednesday, Nov. 25th.

NOTICE TO RED CROSS WORKERS

Cutting and Sewing—Wednesday and Friday, 10 to 12 A. M. and 1:00 to 5:00 P. M. (Sewing may be done at home.)

Yarn for knitting will be issued Tuesday at 2:30 P. M.

MRS. M. L. McDOWELL, Volunteer Service Chairman, American Red Cross.

GETS FIRST DEER

Claiming to have killed the first deer of the new hunting season, which opened Monday, November 16, Elroy Gerdes rode into town early Monday morning with a fine deer tied to the front of his car. The buck was a five-pointer and weighed 78 pounds dressed. Elroy killed the deer a little after sun-up on the ranch of his father, Mr. Louis Gerdes, about ten miles north of Hondo.

Ranchmen report deer and turkey plentiful in Medina County. Although the warm weather has been unfavorable for hunting, many deer have been killed. The sportsmen have not been as successful in bagging turkeys.

NOTICE, FIRST AIDERS

To those interested in the Advanced First Aid course, there is still time to enter next Wednesday night at 7 P. M. as there was not enough registered to start last Wednesday. The first class will start next Wednesday. This is entirely practice work and review of the Standard course. The class will last three hours and will be taught on three consecutive Wednesday nights.

IRIS BADER, Chairman, First Aid.

NEWS NOTES From The Navigation School

Issued by the Special Service Office, AAFNS, Hondo, Texas.

NAVIGATION GROUP MAKES GRADUATION FLIGHT TO CINCINNATI

The final examination for navigation cadets of Training Group I—a round trip navigation training flight of 15 silver-winged training ships to Cincinnati, Ohio, and return—was completed successfully Monday with return of the planes to the AAF Navigation School.

Personnel of the flight, directed by 1st Lt. William M. Ashmore, flight leader, included 31 cadets and student officers. Pilots, co-pilots, navigation instructors and enlisted men made up the remainder of the flight personnel.

Included in those making the Cincinnati flight were two Navigation cadets from Ohio, William C. Follmer, Cincinnati, and Leo L. Gladin, Toledo. Pilots 1st Lt. Roy O. Hern, of Norwood, Ohio, and S/Sgt. Stephen O. Franko of Struthers, Ohio, and one photographer, S/Sgt. James G. T. Moorhead of Cincinnati, also were included in the flight roster.

The flight itinerary was to Jackson City, Miss., then to St. Louis, and on to Cincinnati. Planes returned via the same route.

Navigation cadets of Group 1 who successfully completed the flight problem will be graduated Nov. 29 as members of Class 42-16.

WAR BOND CAMPAIGN UNDER WAY AMONG CIVIL SERVICE EMPLOYEES

An active campaign for the purchase of more war bonds was under way in full force this week among the civil service employees of the AAF Navigation School under the direction of Capt. T. F. Staudt, bond officer.

"Victory Volunteers" have been appointed in all the various departments of the field. First of the "volunteers" to report was Miss Lois Webb, in charge of bond subscriptions in Navigation Cadet Training Group No. 2. Miss Webb submitted a survey of the workers in her department, showing the percentage now subscribing for bonds.

The bond buying campaign, which began Nov. 1, will continue until 90 percent of the civil service employees on the field are contributing ten percent of their pay for bonds.

At the same time, a new campaign among enlisted men of the field is announced. The new bond purchase campaign will be on a "rank" basis. That is, each enlisted man will be asked to contribute an amount each month in proportion to the pay of his rank. This money is applied toward the purchase of a war bond.

First reports of the success of the "rank" system were made by the 845th Navigation Training Squadron. This group, through the activities of Captain Richard H. Fash, commanding officer, and first Sgt. Paul R. Rose, increased its monthly bond purchases by 225 percent.

The "rank" system of buying bonds will be tried in all other squadrons soon, Capt. Staudt announced.

"ARSENIC AND OLD LACE" SCHEDULED FOR AAFNS PERFORMANCE

"Arsenic and Old Lace," the clever comedy of two old maids with a cellar full of dead men and poisonous wine, will be presented at the AAF Navigation School Service Club Wednesday night, December 2, as

the first winter season performance in Hondo by Camp Shows, Inc.

Two other shows are scheduled for December. On December 16, "Flying Colors" will be presented at the Service Club, and December 29, Ray Herbeck's Band will appear.

The cast of the "Arsenic and Old Lace" performance here has not yet been announced.

The three December shows are the first of several to be brought to Hondo through the Red Circuit of Camp Shows, Inc., of which the AAF Navigation School is now a member. Announcement of the schedule was made this week by Capt. C. A. Baril, Special Service Officer.

One thousand seats are to be placed in the Service Club to accommodate the crowds expected for the performance. Capt. Baril said attendance will probably be limited to members of the army forces only.

There will be no admission charge. The shows are an entertainment service provided through the Special Services Division of the War Department. Three circuits of Camp Shows, Inc.—the Red, White, and Blue circuits—are now sending their troops throughout the nation to play at Army Camps for the entertainment of the personnel of the armed forces.

100 TONS OF SCRAP METAL COLLECTED FROM NAVIGATION BUILDING LEFT-OVERS

Nearly 100 tons of scrap metal left from the construction of the buildings and warehouses of the AAF Navigation School were being added to the growing pile of scrap material on the field this week as the current drive neared its completion.

Lt. Donald F. Halfpenny, post salvage and reclamation officer, announced that government trucks were collecting the scrap, which includes castings and other metal material, from points on the field, and assembling it with the remainder of the collected scrap matter by the C. and E. Warehouse. Lt. Halfpenny said he expected to collect about 100 tons of the material from the field alone.

Nearly all of the available scrap metal and rubber in Medina, Uvalde, Bandera, Zavala, and Frio counties has been collected and brought to the Navigation School collection dump, the salvage officer announced.

But anyone knowing the location of any more available metal or rubber is asked to telephone the AAA office in Hondo. Government trucks will be sent out to pick up the material.

Total amounts of the various scrap items collected in the drive of the past two months have been estimated by Lt. Halfpenny as follows: 236 pounds of aluminum, 246 pounds of brass, 217 pounds of copper, 296 pounds of lead battery plates, 400 pounds of automobile radiators, 113 tons of scrap iron, 1,126 pounds of mixed scrap rubber, 4,849 pounds of automobile tires, and 866 pounds of truck tires.

CAPACITY CROWDS SEE "FUNZAPOPPIN" REVUE

Capacity crowds jammed the interior of the AAF Navigation School Service Club, and occupied all available standing room last Thursday and Friday nights to see the twin performances of "Funzapoppin", the satirical revue, produced, per-

formed, and directed by enlisted men of the various navigation training squadrons.

Based on the Broadway comedy, "Helzapoppin", the "Funzapoppin" revue was directed by Pfc. Sammy Schachter, former member of Earl Carroll Vanities. The show was presented under the supervision of Capt. C. A. Baril, Special Service Officer.

The first night's performance was for navigation cadets and glider pilots, and the second performance was for officers, enlisted men, and civilian employees. Following Friday night's show, S/Sgt. Doug Ackley and his AAFNS orchestra played for dancing at the Service Club.

The "Funzapoppin" revue consisted of four skits, and several musical numbers. Performers included several enlisted men with professional stage and radio experience. In the cast were Pvt. Hank Ambinder, Roy Stephenson, Bill Fleischman, Stan Fleischman, Alfred de la Fuente, and W. Schofield.

Musical and vocal selections were furnished by Sgt. Samuel La Birt, Corp. Gene Quinn, Pvt. John Roop and Leon Goldstein, and the members of the AAFNS orchestra, Sgt. Glen Wilson, Corp. Sidd Kramer, and Pvt. John Glasper.

"Funzapoppin" has also been presented at Fort Sam Houston and at the Jewish U. S. O. in San Antonio.

NAVIGATION SCHOOL OFFICERS GET PHYSICAL TRAINING

A comprehensive program of physical training for all officers of the AAF Navigation School, under the direction of Lt. Bennie W. Rundell, director of physical training, is being organized at the Navigation School this week.

The program, designed to improve the strength, endurance, and agility of the officers, prescribes a minimum of five hours of training each week, one hour each day, five days per week.

All officers of the Navigation School, except those instructing on flying missions at the time scheduled for the training, will participate.

CAPT. NEGLEY IS APPOINTED AAFNS ADJUTANT

Capt. Don L. Negley, former assistant adjutant, has been promoted to adjutant at the AAF Navigation School, succeeding Cpt. W. K. St. Claire, who is now adjutant at the AAF Navigation School at San Marcos.

Capt. Negley came to the Hondo Navigation School from Kelly Field, where he was assistant personnel adjutant. Prior to his assignment to active duty with the Army Air Forces, he was president of an investment and banking company, Negley, Jens, and Rowe, Peoria, Ill.

He attended Officers' Training School at Miami Beach, Fla., receiving his captain's commission in April.

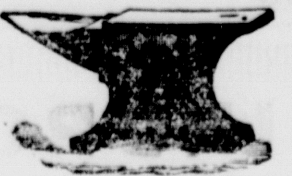

DALLAS FATHER AND SON ENLIST TOGETHER AT AAFNS

A Texas father and son, Otis C. Woodruff, Sr., 44, and Otis C. Woodruff, Jr., 18, of Dallas, have enlisted together at the AAF Navigation School and are now technicians assigned to the 847th Navigation Training Squadron.

The Woodruffs formerly operated a tire shop in Dallas.

The father's enlistment is his second in as many World Wars. He served overseas in World War I for 18 months as a member of the 21st Field Artillery, Fifth Division, Fifth Brigade, fought in the battle of St. Mihiel, and was a member of the American Army of Occupation. He went overseas aboard the Leviathan, on the giant vessel's first trip after its seizure from Germany.

THE LOW DOWN FROM HICKORY GROVE

I see where the War Production Board is clamping down on things we don't need and which interfere with supplies, like copper, etc., that is needed for bullets. It is about time, says Henry. And the dams and power-houses not needed to make a list as long as your arm. And furthermore, he says, most of 'em were out in the sage brush.

A jack-rabbit, I says, should not have much use for electric lights, trying to keep Henry wound up. When he is wound up he talks without frills. Josephus, he says, the buddies of this nation who are making a drive for Socialism and a nice lifetime job, are the gents in the woodpile. And put this in your pipe, he says, and smoke it—if those Bureau Boys ever get a firm grip on the electric business, they are gonna branch out. Do you think we will ever have Govt. barbers, I says, and if so, how about guys without excess hair, I says. Can the Socialists grow hair? On a dome like yours, he says, they could grow anything—and he headed for home.

Yours with the low down,
JO SERRA.

DON'T GET IMPATIENT ABOUT SEWERS

Hondo needs a sewer system! We are all about agreed on that point—after a couple of decades of talk.

Every day the need becomes more urgent and some are getting impatient.

The sewer project has not been forgotten—but it takes time to accomplish such an undertaking.

And to hurry is risky business, for in such undertakings mistakes cannot be afforded.

Our City Council is moving as fast as is expedient and has assurance from Federal Works Agency's Regional Director Southwest Region, James W. Bradner, Jr., that he has recommended to the Central Office at Washington that the "project be approved with an allotment of \$98,424.00 to Federally construct a collector system consisting of 6", 8" and 10" Vitrified Clay sewer pipes, two 10" outfall lines to disposal plants, and two separate and identically constructed disposal plants."

This arrangement is intended to obviate the need for pumps to dispose of the sewage and should give the town an adequate sewage disposal at a very moderate cost, both for installation and subsequent operation.

Due to the importance of this project to the sanitary safety of the adjacent Air Navigation School, it is confidently hoped the Central Office will assure its construction by giving its approval to the proposal.

CITY CONTRACTS FOR SALE OF REVENUE BONDS

On the evening of Nov. 12th, the City Council of Hondo accepted the bid of Crummer & Co. and Rauscher Pierce & Co., bonding houses of San Antonio, for the purchase of the proposed \$83,000.00 City of Hondo Electric Light and Power System Revenue Bonds. The bid was at a straight 2-3/4% interest rate. This bid is better than the Cities of San Antonio, New Braunfels and Boerne received on their revenue bonds issued for the purchase of their electrical systems.

The delivery of these bonds may be made at any time before Jan. 12th, 1943, but now it is dependent on the outcome of the special election requested of the City by some of the residents. The City is negotiating for electric power with which to furnish electrical energy to the local users.

The City Council are due congratulations for getting such a favorable bid on the revenue bonds it proposes to issue. Here is a chance for the City of Hondo to own and operate its own electric light and power system and it is to be paid for solely of revenues received from its operation and no tax can be levied against the residents to pay for the system. It seems hard to believe the City can get something for nothing.

THANKSGIVING DAY

'Twas on the first Thanksgiving Day
Back in the long ago,
The Pilgrim Fathers knelt to pray—
Gave thanks to God you know.

For their safe voyage across the sea,
For safely landing here
In this wonderful land of the free
Where no one need have fear.

No fear of kings and rulers stern,
Here all have liberty,
An equal right to live and learn
The true democracy.

And now on this Thanksgiving Day
With all the world at war,
All people every where should pray,
We've much to thank God for.

We're fighting for a righteous cause
To free our world from sin,
We must pray God now as we pause
That righteousness will win.

"Give thanks to God for he is good
His mercy doth endure".
So sang the Psalmist, as we should
To make our lives secure.

ADDIE BENNETT NEWTON.

ST. PAUL'S LUTHERAN

We will observe Thanksgiving Day with a special service Thursday, Oct. 26, at 10:30 A. M.

Regular morning worship Sunday at 11:00 A. M. with Sunday School at 10:00.

STIEGLER-RAINS NUPTIALS AT FORT WORTH

At the second wedding in the chapel at the Combat Crew School of Tarrant Field, Fort Worth, Texas, Miss Evelyn Rains of McCamey became the bride of Lt. Murrel G. Stiegler of Hondo, Saturday, November 7, at 8 p. m.

The bridegroom is the son of Mr. and Mrs. L. A. Stiegler of Hondo and is the town's first commissioned flying officer. He attended Texas A. and I. College at Kingsville and is a member of Delta Sigma Phi Fraternity. After entering the Air Forces in January he was graduated at the Lubbock Army Flying School Oct. 9 and has been stationed at Tarrant Field since Oct. 11. He is a student officer instructor in the Combat Crew School.

The bride is the daughter of Mrs. J. E. Rains of McCamey. She attended McCamey High School and is a graduate of a San Angelo beauty school.

The bride's sister, Mrs. Louise Gibson of McCamey, and Lt. John D. Stripling, a classmate of the bridegroom in the school, were the couple's only attendants. The chapel was decorated with autumn flowers and a prelude of organ music and the wedding marches were played.

Lt. Howard J. Johnson, chaplain, read the ceremony, after which supper was served at the home of Lieutenant and Mrs. Stripling.

REGISTRANTS TO VOLUNTEER TO TRY FOR COMMISSIONS

General J. Watt Page, State Selective Service Director, today urged all-A registrants, desiring to train for commissions in the U. S. Army, to contact their local boards immediately for instructions and proper application forms.

State Selective Service Headquarters has been notified, General Page said, that there are vacancies for registrants now classified in III-A for training for commissions in the following branches of the service: Anti-Aircraft Artillery, Coast Artillery, Cavalry, Chemical Warfare Service, Engineer, Infantry, Field Artillery, Ordnance, Signal, Military Police, Tank Destroyer and Armored Force.

Such registrants volunteering to try for a commission, General Page emphasized, must be American citizens with at least four years high school education. Volunteers under twenty-one years of age must obtain the written consent of their parents or guardians, he stated.

General Page pointed out that colored registrants who can meet the requirements will be given the same opportunity to make application for this training.

TO THE VOTERS OF MEDINA COUNTY

I wish to express my sincere thanks and appreciation to the loyal friends and voters who supported me in the recent election. There was no unjust criticism on my part to urge you to support me so I feel that your votes were freely given.

Very truly yours,

O. M. K. AND T. CLUB NEWS

The O. M. K. and T. Home Demonstration club met Friday, Nov. 13, at the home of Mrs. Walter Kirby. Eight members and our Home Demonstrator, Miss Velma Hambleton, sat down to a beautifully appointed luncheon at one o'clock. While yet at the table and lingering over our demi-tasse, Mrs. Chas. Schlegel, our president, in her inimitable manner, presented Miss Hambleton with a Christmas box, decorated in Yule wrappings and greetings, filled with a personal expression of esteem from each club member; in view of the fact that Miss Hambleton does not meet with her clubs in December.

A short business session was disposed of, the president presiding, then Miss Hambleton was informally presented to the club and her message for the afternoon was her report from the last Council meeting of the year. Assuring us that in every way, finances, morale and so-

ciability among the members, should be marked and encouraging progress. With our assistance she took yearly census of the club comply with the farm program and specializations. In closing our first year club work may we at this time press to Miss Hambleton our deepest appreciation and advance a fresh zeal and determination, under her capable leadership, more significant than ever to "Keep 'em flying".

CARELESS SHOOTING AT POWER LINES CONDEMNED

Persons who damage electric high-lines by gunfire or other means are working for Hitler and Hirohito whether aware of it or not, Mr. Ted Bredthauer, Manager, of the Medina Electric Cooperative, Inc., points out.

With food production and rural industrial activity occupying a vital place in the war effort, any unnecessary interruption in electric service plays right into the hands of the Axis, he declares. This is how he describes the effect of destructive acts:

"When a careless person shoots an insulator or throws a piece of wire or metal over the high-line he strikes a blow against Uncle Sam and his armed forces. Everybody knows that the farmer is fighting this war just as much as the man who builds tanks, guns or airplanes. The soldiers and sailors and war workers of the United Nations have to eat. A couple of million farmers in this country are using electricity to help produce food—so draw your own conclusion.

"This seems clearer when you realize that a farmer who is brooding chickens, cooling milk, grinding feed, pumping water, haying or carrying on any number of other farm operations with the aid of electricity can't afford to have unnecessary 'blackouts' interfering with his work. Electricity is the only 'third hand' lots of farmers can get nowadays."

In addition to their effect upon production, outages of this kind cause trouble and expense that place a heavy burden on an REA organization. Mr. Bredthauer says. One hundred or more miles of line can be put out of commission by one destructive act, he adds, and the expense of repairs and needless driving, not counting the waste of tires and gasoline, may be as much as \$100. Equipment is often burned out or otherwise destroyed when trouble occurs, and Mr. Bredthauer declares that sometimes the difficulty in obtaining new equipment or material is a more serious problem than the money loss involved. Electric devices contain critical metals such as copper, steel or aluminum, all of which are scarce because of the demands of war industries.

Insulator damage caused by rifle bullets or shotgun pellets is especially troublesome, he said, because the fault often doesn't develop until stormy weather comes. A cracked insulator, for example, may serve satisfactorily until moisture makes it possible for the current to arc across to the pole. Under such conditions a lineman may have to climb many poles to locate the trouble.

Persons who shoot at insulators or throw wire over a high-voltage line are inviting death, according to Mr. Bredthauer.

Although true sportsmen wouldn't think of willfully damaging property, Mr. Bredthauer believes that the hunters who go afield this fall can help prevent line damage by using extreme care when hunting near the high-line. They can also be helped by giving proper instruction to their own sons and other boys who might have become careless with firearms. City and rural school teachers of this area are another group that can be of assistance by emphasizing to pupils the dangers of tampering with electric wires and the hindrance to the war effort caused by such action.

LIVESTOCK MARKET REPORT

San Antonio, Nov. 9.—HOGS: Estimated salable and total receipts 1,060. Hog trade Monday was rather slow to get under way but eventually worked out 20-25c lower than last week Friday. A top of \$13.80 took the bulk of Good and Choice 180-270 lb. butchers while 160-180 lbs. cleared \$13.25-13.80 and 140-160 lb. light lights at \$12.75-13.25. Most sows selling 450 lbs. down brought \$12.50-12.80. Feeder pigs maintained about steady prices at \$12.00-12.75, the maximum paid sparingly.

CATTLE: Estimated salable and total receipts 2,200; CALVES 4,100. Even though cattle receipts Monday were fairly liberal, general trade appeared moderately active. All classes indicated fully steady price rates with instances 25c higher on Canner and Cutter cows. Late cow trade proved slow, however, and any early advances were erased. Around ten loads Medium grade mature grass steers cashed at \$12.25 and small lots Common and Medium cashed at \$9.00-11.25. A load Medium and Good 677 lb. short fed yearlings earned \$12.00. A package 794 lb. Choice grain fed steer yearlings cashed at \$13.50.

A spread of \$8.75-9.25 took Good beef cows with odd head to \$9.50 or above. Common and Medium selections cashed at \$7.50-8.75 with Canners and Cutters mainly \$4.50-7.25. Sausage bulls changed and readily

at \$8.50-9.85, few \$10.00. Good calves claimed \$11.00-11.50 while Common and Medium brought \$8.50-10.75. Most Culls commanded \$7.00-8.25.

Stocker calf outlets appeared fairly broad in the Monday trade at fully steady prices. Good and Choice steer calves cleared at \$11.00-12.00 and a package Good yearlings earned \$11.50. Common and Medium mixed steer and heifer calves ranged from \$9.00-10.50. Good to Choice heifers made \$10.00-11.00. Medium grade two and three year old stocker steers secured \$10.50.

SHEEP: Estimated salable and total receipts 2,000, including 1,200 goats. Sales in the sheep and goat division looked fully steady. A package Medium grade No. 2 pelt wethers cleared \$6.40-6.50. Cull grade ewes cleared \$4.00-4.60. Load-lots slaughter Angora goats were bracketed at \$3.00-4.00, few \$4.10. Yearling and two year old feeders earned \$7.50 with feeder lambs to \$8.00.

LIVESTOCK MARKET REPORT

San Antonio, Nov. 16.—HOGS: Estimated salable and total receipts 1,000. The week's initial session in the San Antonio hog market worked out mostly steady with last week Friday but the top developed 10c higher. A \$13.75 top took a load Good and Choice 239 lb. butchers while the bulk of 180-270 lb. averages cleared \$13.65. A spread of \$13.00-13.65 claimed comparable grade 160-180 lbs. and small lots 140-160 lbs. commanded \$12.50-13.00. Most sows 450 lbs. and under cashed at \$12.40-12.65 with extreme heavies down to \$12.25. Feeder pig demands proved rather narrow with scattered sales weak to 25c lower at \$11.50-12.00. Medium grade under 70 lbs. dropped to \$10.00-10.50.

CATTLE: Estimated salable and total receipts 2,500. CALVES 5,000. Despite heavy cattle and calf marketings for the Monday session all classes moved out in a fairly active trade. Slaughter steers, yearlings and calves cleared fully steady rates as compared with last week Friday with instances 15-25c higher on Medium to low Good calves. Selections selling around \$11.00-11.25 showed the advance. Cows were slow to get under way but eventually worked out generally steady. Around seven loads Medium grade 1187 lb. grass steers cashed at \$12.50. Other lots cleared \$11.25-12.40. Common and Medium steers and yearlings ranged from \$9.00-11.00. Canner and Cutter grades suitable for boner purposes turned at \$7.50-8.50.

Good beef cows were scarce in the day's supply, only scattered lots at \$9.25-10.00. The bulk of Common and Medium had to go at \$7.50-8.75 while Canners and Cutters secured \$4.50-7.50. Occasional thin Canners dropped to \$4.00 or below. Common and Medium sausage bulls commanded \$8.50-10.00, the maximum figure taking two loads Brahmins. Light weight Cutter bulls dropped to \$7.50. All buyers competed actively for killer calves as Good and Choice made \$11.25-12.00, mostly \$11.75 and under. Common and Medium earned \$8.75-11.00 and Culls \$7.00-8.75.

Good and Choice stocker calves sold rapidly at fully steady rates but plainer kinds proved more difficult to move. A part load strictly Choice steer 288 lb. calves made \$13.50 with 286 lb. heifers at \$12.00. The bulk of Good and Choice steer offerings claimed \$11.00-12.00 and heifers \$10.25-11.50. Common and Medium mixed lots had to go at \$8.50-10.50.

SHEEP AND GOATS: Estimated salable and total receipts 1,600 including 700 goats. After a slow start sheep and goats sold fully steady. Medium grade No. 3 pelt wethers cashed at \$5.50-6.00 and a few Good 98 lb. weights to \$6.50. Cull grade woolled ewes claimed \$4.50 while recently shorn dropped to \$3.00-3.75. A part deck around 50 lb. feeder lambs had to go at \$7.00 but 60-65 lb. Medium grade selections claimed \$8.50. Loadlots Common and Medium fleshed Angora goats brought \$4.00-4.25. Culls down to \$3.00-3.25.

MISS ANNIE REITZER RITES
HELD SATURDAY

It is with sorrow that we chronicle the death of Miss Annie Christina Reitzer, who passed away at her home Friday night following a few hours illness. She had not been feeling well for several days but her death came as a shock to relatives and friends.

The deceased was born Sept. 30, 1872, at Quibi but had spent most of her life in Bandera County. She worked as a seamstress in San Antonio for a number of years and about 15 years ago came back to Bandera to make her home. About a year ago she sold part of her home place and built a new home on the Kerrville road. She was a member

All statements and opinions in this column are Mr. Pearson's own and do not necessarily represent those of this paper.—M. E.

Within thirty days the Director of Stabilization will take action that will affect the everyday lives of all Americans. Attacking the inflation threat on seven broad fronts, his acts will admittedly cause many hardships readjustments, and changes in business practices.

—WSS—
The director intends to establish controls over salaries, wages, savings, prices, and supplies. The program involves: establishing a system of compulsory savings and other measures to control excess spending power; developing entirely new machinery for controlling farm prices; expanding the rationing program to conserve all scarce commodities and at the same time curtail excessive spending; establishing an overall subsidy program to keep prices down and assure an adequate return to producers of essential commodities; setting up special machinery for handling those wage increase demands which would disturb price ceilings; coordinating military, lend-lease, and civilian requirements so that they can be matched intelligently with available supply.

—WSS—
Congress is pleased with the way Director Byrnes is going ahead with the stabilization job. There is, however, much dissatisfaction with the coordination of the armed forces. There are moves under way to effect a unified command of the armed forces comparable to that now functioning so positively on the economic front under Directors Byrnes and Nelson.

—WSS—
Representative Maas, a flying Colonel in the Marine Corps and ranking minority member of the House Naval Affairs Committee, has served notice that he will introduce legislation to set up a unified command at an early date. He would abolish the Army, Navy, and Marine Corps, merging them into one department represented by a single cabinet officer.

—WSS—
The positive recommendations of Representative Maas, who has just returned from the Pacific war theater are having a profound effect here. The Colonel is positive in his recommendations against a separate air force, contending that the lessons of the war in the Pacific point to one conclusion—that a closely-knit, highly cooperative amphibious force is required for effective operation against the Japanese forces. A demand is developing in Congress and among the younger and enterprising leaders in and out of the armed forces for a single striking arm—an American force.

—WSS—
Movement to suspend the 40-hour work week for the duration is rapidly gaining ground. Voluntary agreement between labor unions and management for work up to a 56-hour week at "straight time" would be permitted under a proposed amendment to the fair labor standards act sponsored by Representative Ranssack of Georgia, one of the outstanding supporters of organized labor in Congress and ranking member of the House Labor Committee.

of the Christian Church and was well liked by all who knew her.

Funeral services were held at the Christian Church Saturday at 2 p. m. with Rev. J. C. Welch, pastor of the church officiating. Pallbearers were Dee Chipman, Clinton Saathoff and D. E. ACT FAST WHEN A COLD THREATENS

At the very first sniffle, sneeze, or any sign of a cold just try a few drops of Vicks Vapo-rinol up each nostril. If used in time, Vapo-rinol's quick action helps prevent many colds from developing. And remember this, when a head cold makes you miserable, or transient congestion "fills up" nose and spoils sleep—3-4 drops Vapo-rinol does three important things. It (1) shrinks swollen membranes, (2) relieves irritation, (3) helps clear clogged nasal passages. Enjoy the relief it brings. Follow directions in folder.

ALKA-SELTZER

BRIGHTENS MY DAY

OCCASIONALLY, I wake up in the morning with a Headache. It sometimes wears off along the middle of the forenoon, but I don't want to wait that long, so I drink a glass of sparkling ALKA-SELTZER. In just a little while I am feeling a lot better.

Sometimes the week's ironing tires me and makes me sore and stiff. Then it's ALKA-SELTZER to the rescue—a tablet or two and a little rest makes me feel more like finishing the job.

And when I eat "not wisely but too well," ALKA-SELTZER relieves the Acid Indigestion that so often follows.

Yes, Alka-Seltzer brightens my day. It brings relief from so many of my discomforts, that I always keep it handy.

Why don't you get a package of ALKA-SELTZER at your drug store today?

tendants report the baby as the first
of eight babies born at the
hospital in the past few weeks.
Mrs. L. L. Dorsey is here from
San Antonio spending some time with her
mother, Mrs. B. R. Bradley. She ac-
companied her mother to San An-
tonio for a medical examination the
last of the week, and had the as-
surance that Mrs. Bradley, while
under rest and treatment, did not
need to undergo an operation.
Mrs. L. F. Rothe and daughters,
Mrs. A. C. Bless and Mrs. Jack Gar-
rett, left Tuesday for Houston to
attend the Army War Show in which
their son and brother, Lt. J. H.
Garrett, took part. They were joined
on the way by Jack Garrison. Be-
fore returning home they planned to
visit Mr. and Mrs. Reinhart Rothe
in Oregon.
Madame Otto Jungman and
her son were over from LaCoste
last week having a session with their
attorney. While here they paid this of-
fice an appreciated call. Mrs. Jung-
man was at one time LaCoste corre-
spondent to this paper and Mrs. Ahl's
was the late Joe Drotto, who was
an employee while it was being
operated in Castrovilla.
Mrs. J. G. Barry and children,
John and Jimmy, spent several
weeks in Smithville visiting
their mother, Mrs. M. L. Tansey, and
brother, Lt. Marcus Tansey,
member of the Royal Canadian
Mounted Police, who was there from Can-
ada. Lt. J. G. Barry of
Field joined his family in
Smithville over the week-end.

A SOLDIER'S MIND

I wonder if the folks that the boys
left behind,
Who are waiting for their return
Ever knew what went on in a sol-
dier's mind,
The things that time made him learn.
Not just things of armies and war,
But things more close to his heart,
Things he had learned to respect and
adore,
Of which he was truly a part.

To him time is cruel as it creeps on
its way,
It seems years since he said Good-bye
But still as he thinks of returning
some day,
There's a glimmer of light in his eye.

He thinks of the time when the
world was not sad,
And every one lived without cares,
How folks took for granted the
homes that they had,
The comfort and love that was
theirs.

He thinks of how little he now asks
of life,
If only the good Lord take heed
Just give him his folks and his girl
for a wife,
He thinks not of wealth nor of greed.

Just let him return to the home he
once knew,
No matter how small or how humble,
And his eyes fill with rage, when he
thinks of the few,
Who have all that was his yet
grumble.

Perhaps there's a doubt to all that I
state,
As to whether or not this is true
I can speak for the boys who just
patiently wait,
For I am one of them too.

But before we return there's a war
to be won,
And we pray to be fearless and
strong
We shan't turn our backs till our
work is all done,
"But please Lord, don't make it too
long."

MR. ED HUTZLER DEAD

Edmund Hutzler, aged 71 years,
died November 16, 1942, at his resi-
dence near Dunlay. He is survived
by his widow, Mrs. Rosa Hutzler;
daughter, Mrs. Ella Haag; a son,
Julius Hutzler, and six grandchild-
ren.

Funeral services were held Wed-
nesday morning, November 18, at
9:30 o'clock, following Rosary Tues-
day night at 8 P. M., at Tondre Fu-
neral home in Castrovilla. Rev. J.
Luzen officiated. Interment was at
Castrovilla.

Mr. Hutzler, member of a pioneer
Castrovilla family, had been in bad
health for a number of years and of
recent months had been a sufferer of
severe pain. No doubt death was a
welcome relief, though his passing
brings grief and sorrow to those who
loved him.

In this sorrow they have the sym-
pathy of all.

PROMOTED TO CORPORAL

OKLAHOMA CITY, Okla., Nov.
19.—Promotion of Pfc. Richard
Hitzfeldt, son of Mr. and Mrs. Wal-
ter Hitzfeldt, D'Hanis, Texas, to the
grade of corporal, has been an-
nounced by headquarters of the
Oklahoma City Air Depot. He is at-
tached to a headquarters squadron
of this newest establishment of the
Air Service Command for the main-
tenance and repair of aircraft and
the training of air depot groups.

Corporal Hitzfeldt is a graduate
of the D'Hanis high school, and at-
tended Texas A & M. College. Be-
fore his entrance into the Army,
Corporal Hitzfeldt worked in the
mail and records section at the San
Antonio Air Depot. Transferred
from Camp Robinson, Ark., he has
been on duty here since August.

Mrs. Lorfing, Mr. and Mrs. Henry
Fasler, Mrs. W. J. Gerdes, Mr. and
Mrs. Elroy Moffield and daughters,
Mr. and Mrs. Willie Nietenhoefer
and Mrs. H. N. Burgin. Congratu-
lations and best wishes were offer-
ed the honoree, and hopes for another
birthday in 1943.

LA COSTE H. D. NEWS

The LaCoste Home Demonstration
club met Tuesday afternoon at the
home of Miss Ellen Bohl with eight
members present.

The business meeting was held
and plans for the Christmas party
were made.

This meeting marked the sixth
birthday of the LaCoste Home Dem-
onstration Club. The hostess pre-
sented the club with a birthday cake
in honor of the club's sixth birthday.

During the social hour several
games of cards were enjoyed by the
members, and prizes were awarded
the lucky winners. A delicious lunch
was served.

The next meeting of the club will
be held on Nov. 17 at the home of
Mrs. Frank Bohl.

POSTMASTER URGES TO MAIL EARLY

The following is published at the
request of Postmaster F. H. Hollmig,
who urges the patrons of the local
office to do their Christmas mailing
early:

The Post Office Department now
is starting the most gigantic task in
its history—the movement of a deluge
of Christmas parcels, cards and
letters while maintaining the regular
flow of millions of pieces of mail
daily to and from our armed forces
all over the world.

Indications are that the volume of
Christmas mail will be the largest on
record. Already in September, latest
month for which figures are avail-
able, retail sales had reached a level
second only to the record month of
December, 1941, according to the
Department of Commerce. And sales
are rising. Such heavy purchases
always presage heavy mailings.

If thousands of our soldiers, sail-
ors, marines, and civilian friends are
not to be disappointed at Christmas
time, the public must cooperate by
mailing earlier than ever before and
by addressing letters and parcels
properly. The best efforts of the
Post Office Department alone cannot
be enough, in view of wartime
difficulties faced by the postal sys-
tem. The public must assist.

About 25,000 experienced postal
workers already have been taken by
the war services. Arrangements are
under way to add thousands of tem-
porary personnel to postal staffs,
but this man power is hard to find
and is inexperienced. Facilities of
railroads and air lines are heavily
taxed by movements of huge quan-
tities of war materials and personnel.
Extra trucks are almost impossible
to obtain. Winter weather, hampering
transportation, is beginning.

The free-mailing privilege granted
to members of the armed forces has
raised their mailing some 30 percent,
it is estimated. Expansion of those
forces also is adding rapidly to the
postal burden.

The deadline already is past for
mailing gifts to Army and Navy
personnel overseas with assurance
that the parcels will arrive by Christ-
mas. The New York post office re-
ports that in late October, 350,000
such parcels were handled daily in
that office alone.

The Post Office Department is
making strenuous efforts to avoid
such a terrific jam as it faced in
1918 under similar conditions, dur-
ing the First World War. It can suc-
ceed in those efforts—and avoid
many heartaches for its patrons—
if the public will cooperate by mail-
ing early.

Dear mother, you have left us;
Lonely are our hearts today,
Death has taken you so far away.
You have crossed the dark, cold
river,
Angels hold you by the hand.
You are safe from storm forever,
Safe within that promised land.
O Mother, how we miss your gentle
footsteps;
Miss each kind and loving word;
No more in our lonely household
Will your tender voice be heard.
Dear Mother, how we love you,
No pen can write, no tongue can tell,
But the gentle Shepherd called you
And we must say farewell.
True, yes, true she was to all,
Smiles forever on her face;
Sorrowful we looked upon her
Ere was given her resting place.
We miss thee from home, dear,
We miss thee from thy place.
A shadow over our life is cast;
We miss the sunshine of thy face.
We miss the kind and willing hand,
Thy fond and earnest care;
The home is dark without thee,
We miss mother every where.
Yes, we will miss mother very much
But our loss is Heaven's gain,
And ere long we hope to meet her,
And forever there remain.
O Mother, we love you dear,
Our hearts ache with grief and pain.
Dearest, we beg you pray for us,
That in Heaven we will meet you
again.

By her Children.

CATHOLIC CHAPLAIN BEGINS SERVICES AT AAFNS

With the arrival at the AAF Navigation School of Catholic Chaplain William C. Strahan, regular Catholic services are now being conducted at the Post Catholic chapel. First mass was said in the chapel last Sunday morning.

There will be two masses each Sunday morning, at 0700 and 0900. Chaplain Strahan announced. Week-day masses will be at 1830 on Monday, Tuesday, Thursday and Friday, and at 0700 on Wednesday and Saturday. Confessions will be heard each Saturday evening, 1900 to 2100.

Chaplain Strahan, a native of Philadelphia, was assigned to the Navigation School upon completion of a four weeks' course at the Army Chaplain's School at Harvard University.

For 11 years he was at the Uganda Martyrs Church, Okmulgee, Okla., and prior to that was assistant in the Lafayette, La., Catholic Church. Chaplain Strahan is 36 years old.

GIRL EMPLOYEES OF AAFNS FORMING CIVILIAN CORPS

The appointment of a committee to effect the organization of all civilian girl employees of the AAF Navigation School into a civilian girls corps was announced this week.

Members of the committee are Mrs. Helen Craig, president; Miss Doris Weid, Mrs. Majorie French, Miss Joy Booth, and Mrs. Opal Draker.

The civilian girls organization has as its purpose the coordination of girls' activities at the Navigation School. The corps will have as its main concern the food, housing, athletic and entertainment facilities of all girls employed at the post.

Officers are to be elected at a practicing the razzle-dazzle type of football for which this section is famed. Gaining week by week in ground power, the Aggies have chalked up a high efficiency score in the passing department.

This major intersectional game, which will close the season for both Washington State and the Aggies, also conceivably might be the last big game football game in the Southwest for the duration. It will be a hard fought, nip and tuck struggle between major powers of two of the nation's outstanding conferences, and is expected to attract a capacity crowd.

With only approximately two weeks remaining before the game, brisk ticket sales for the big time college game are reported by the San Antonio Chamber of Commerce Football Committee, sponsors of the event.

Tickets now are on sale at the Municipal Auditorium, Potchernick's, and Tankersley's in San Antonio. Mail reservations can be made by

POST CHAPLAIN'S NOTES

By Lt. George W. Schardt,

The whistles were blowing, church bells were ringing, people were crowding the streets as the parade went by. I myself was marching and playing the bass horn in the College band. The strains of "Stars and Stripes Forever" were being drowned out by the cheering crowds. What was it all about? Why the guns had stopped, it was Armistice Day. The World War I was over.

We didn't make much of Armistice Day this year. It had been decided that the day be spent by remaining busy at our jobs. At this Post just a few blasts on the bugle reminded us of the solemnity of the day, and those who heard it stood at solemn attention for a few moments.

Why didn't the peace last? God knows, and we know it too. We still live in a world of sin, selfishness, hatred and greed. Perhaps the following story will give us the answer as told by a chaplain: "I was in France about 8 kilometers behind the front lines when World War I stopped. My brother and I took a walk out in the countryside in the Argonne Forest. We came upon a bonfire about two miles out of town. The boys around the fire were singing hymns, the chaplain led in prayer, and then gave a short message, telling what peace could mean. —Back in town, however, the cafes were full; drunk soldiers were spewed out on the sidewalks. We saw one man with his head cut open, not by an enemy bullet but by a beer bottle. Perhaps the pattern for the 20 year peace was from the fabric of that celebration."

Let us not make the same mistake this time. Let us pray that the world may listen to Him Who said, "My peace I leave you, My peace I give unto you. Not as the world giveth give I unto you."

meeting soon. The organization is to be divided into groups, engineering, sub-depot, wing headquarters, post headquarters, and navigation training groups 1, 2, and 3.

About 350 girls will be members of the civilian girls corps.

COL. DANY REVIEWS TROOPS OF NAVIGATION SCHOOL

A review and inspection of the entire post, received by Lt. Col. George B. Dany, commanding officer of the AAF Navigation School, was conducted last Saturday on the west runways of the field.

Lt. Col. Benjamin M. Tarver, Jr., group commander of Navigation Cadets Group I, was commander of the troops.

The 324th AAF Band and the Navigation Cadet band participated in the review.

Last Saturday's review was the second in two weeks. The previous review and inspection was received by Col. Linus D. Frederick, former commanding officer of the AAF Navigation School, and now commanding officer of Goodfellow Field, advanced flying school at San Angelo.

P. R. O. TRANSFERRED

Lt. Richard J. Purcell, assistant public relations officer, AAF Navigation School, Hondo, Texas, has been appointed Public Relations Officer, AAF Advanced Flying School, Altus, Oklahoma.

Before entering Federal service on June 15, 1942, Lt. Purcell was Director of Public Relations for Western State College, Gunnison, Colo. Since his graduation from the Officers' Training School, San Antonio Aviation Cadet Center, San Antonio, Texas, June 15, he has been engaged in Army public relations for the Gulf Coast Army Air Forces Training Center, under which the Navigation School at Hondo functions.

In civilian life, Lt. Purcell was prominent in civic affairs, once holding the position of president of the Gunnison, Colo., chamber of commerce. He is a graduate of Western State College, where he received his A. B. degree.

Lt. Purcell, his wife and son, Richard, Jr., will proceed immediately to his new station from their home in Hondo.

NAMED ADJUTANT OF HOSPITAL

Major E. M. Ryan, who opened the flight surgeon's office at the Navigation School several months ago, has been named adjutant of the station hospital. Captain L. A. S. Johnson succeeds Major Ryan as officer in charge of the flight surgeon's office.
